

ICED COFFEE---YOUR HOT WEATHER FRIEND

Cool to look at, even cooler to drink---that's iced coffee! On a hot summer's day, there's nothing more tempting than a tall, tinkling glass filled to the brim with frosty ice coffee.

This nicest of summer-refreshers revives willing spirits, leaving you soothed and relaxed. One important point to remember is that, to be at its delicious best, iced coffee starts with good hot coffee.

For the best iced coffee you've ever tasted, try either one of these easy-to-follow methods:

PRE-COOLED METHOD
Make coffee regular strength---one standard coffee measure (or its equivalent, two level measuring tablespoons) of coffee to each three-quarters of a measuring cup of freshly drawn water.

Cool in a non-metallic container for not more than three hours, or, if the container is tightly

covered, chill in refrigerator. Serve in tall glasses with ice, adding simple syrup or sugar and cream to taste.

QUICK METHOD
Make coffee double strength, by using half the amount of coffee to the usual amount of water.

Four hot over ice cubes in tall glasses. The extra strong coffee allows for the dilution caused by the melting of the ice.

Serve with cream and simple syrup or sugar to taste.

For a new taste-treat, sweeten your ice coffee with simple syrup. Just boil equal quantities of sugar and water for about ten minutes, stirring until the sugar has dissolved. Simple syrup can be made in large or small quantities since it keeps indefinitely when stored in the refrigerator. You'll find it will add to the flavor of the coffee and sweeten it instantly.

WOMEN MAY ENTER 1413 ITEMS IN COUNTY FAIR

A grand total of 1413 opportunities to exhibit accomplishments in the home are offered this year at Los Angeles County Fair, September 16 through October 2, according to the announcement issued from the fair officers in Pomona to alert the women, and in some cases, the men as well, of the Southern who may wish to enter. Over \$6,500 will be distributed in cash awards in addition to the coveted ribbons.

The department, which is housed in the beautiful Domestic Arts Building, has been divided into 19 distinct classifications. The first covers infants and toddlers articles up to three years. White and colored embroidery each have a section covering a wide range of specimens. Because of their popularity aprons also are given classifications, covering both utility and fancy examples. Forty-seven articles are listed in the crochet section and all those of mercerized cotton winning first place will be eligible for national crochet contest to pick the nation's winner.

Knitting and lace work has a prominent place in the list. An interesting division is given over to ready to wear articles of crocheted, knitted or woven material. Any kind of a quilt is eligible and there are classes for special varieties such as the most artistic, plain, and button-hole applique, patchwork in silk, cotton and wool, crazy quilts, etc. Bedspreads, afghans and couch throws are listed under another heading. Seventy-five different classes of rugs are named and there is a section for professional.

Pillows, bags and miscellaneous articles cover a wide range of effort with 133 different items from stool covers to wall hangings. There is a special class for the needlework of elderly people. It contains crocheted, knitted, tatted, hooked and needlepoint work.

For the first time this year there is a class for textile painting in water color, crayola, or stencil work on aprons, blouses, dresser scarfs, kitchen curtains, ties and towels.

Approximately 150 classifications for antiques, representing china, luster, clear glass, colored glass, dolls, jewelry, silver, brass, copper, pewter, furniture, quilts, homespun, shawls, and miscellaneous are contained in the premium book.

Table setting contest for individuals or clubs or groups is provided. Included are luncheon tables, formal dinner tables, theme tables, breakfast tables, garden tables, children's party tables. Tables are to be set for all courses except dessert.

Bread, cookies, candy and cakes also are listed. A special section for men only contains such items as angel food cake (icing immaterial), angel food combination, chocolate angel food, sunshine, chocolate sunshine, chiffon, and sponge cake.

Canned fruits and vegetables, jams and jellies and special collections will be judged on appearance only.

Premium books may be obtained upon request to Los Angeles County Fair association, Pomona.
